Subject: Change in admissions policy

Sheila - Would you please add the following to the next academic council agenda: "Change in Admissions Policy - Underaged Students"

Brandon - Please take this added language in red to academic council for approval. The change is in policy 5.2:

2.11 All Other Applicants

2.11.1 All other types of admissions, to include students younger than 16 years of age, will be considered on an individual basis by the Director of Admissions.

On the other hand it should read, 15 and younger. I believe statutory age is 16 in Utah.

I think 15 and under sounds like a fine age to require parental approval. I think if the parents want to take responsibility for their children attending college classes; it should be their right to take on the risks associated with the college academic environment.
