

Dixie State Intramurals

Ping Pong

Eligibility

- To participate in Intramural sports a player must be a current Dixie State student and needs to present an ID card at every event. A player may only play on one team per sport. A player that has not played in the regular season may not be added to the roster for the tournament/playoffs; only players who have previously played on the team can play during the tournament/playoffs. If a team is eliminated the players may not play on a different team. A current DSC collegiate athlete may not play the same sport in Intramurals.

Sportsmanship

- Participation in DSC Intramurals is a privilege; it is for enjoyment and enhances the college experience. Respect for teammates, opponents, and the Intramural Staff is expected. Acknowledge that the referees are not professionals, but fellow students. Having amateur and inexperienced officials will result in inconsistencies and/or discrepancies in their calls throughout the course of a game or season. Respect for officials is mandatory, and disrespect will not be tolerated.

Rules

- A game goes until 21 points are scored.
- The winner of a match will be the best 2 of 3 games.
- A Ping-Pong server must stand behind, not alongside, the Ping-Pong table during the service.
- The trajectory of the serve must be off the end of the opponents table, not off the side.
- A Ping-Pong serve need not have a trajectory that will carry it off the opponent's end of the table after one bounce on the opponent's side (a 'drop serve' is permitted).
- Illegal serves will result in the loss of a point by the server.
- Serving will always change players after five points. Even if a player is losing in a game point situation, his opponent might still be designated as the server. If a player is losing in a game point situation, he may lose on an illegal or losing serve.

Additional Doubles Rules

- After serving 5 points the players will switch sides with their doubles partner.
- Servers must serve to the opposite court.
- Each shot must be alternated between partners.
